School Description

Located in the southern section of the City of Arvin, California, El Camino Real (ECR) is a TK-6 Title 1 school and is one of the four sites comprising the Arvin Union School District. The school site was established in 2007, hence, being the newest school in the district.

High academic standards are the focus of our school with a team effort from students, parents, and staff. Through professional collaboration focused on data, we continue to strive to support all students.

Teachers and students use standards-aligned materials and access educational technology across the school to enhance instruction and practice. Each teacher has a laptop computer, and an interactive projector in the classroom as well as laptops or netbooks for student use. Used together, these tools provide a dynamic learning environment. Working together with all stakeholders, El Camino Real School proudly builds upon the academic and social potential of every student as noted in our mission statement "All students will learn every day no matter what it takes". The El Camino Real way reflects our dedication to the development of the whole child by setting high expectations, fostering a safe environment and committing to an atmosphere that will provide students the opportunity to be encouraged to strive for success and the desire to be life-long learners.

To delineate the mission statement further - we educate students daily in preparation for our global society and 21st century learning:

E: Educate using every available resource

C: Communicate with sincerity and kindness

R: Realize each individual's potential to impact the future.

Collectively, staff and teachers along with parents and students build this learning community to support the balance of physical, emotional, social and academic areas of our students.

Being an AVID Elementary School, our students are supported with skill building to develop and maximize note-taking and annotation of text along with opportunities to communicate, think critically and problem solve - all of which will prepare students for future learning. The staff, teachers, and parents' ultimate goal is to grow students at the elementary level to be educated, productive citizens in the future with attributes to become independent workers and life-time learners.

With the goal of meeting or exceeding California State growth targets as well as Federal goals, the program offerings at El Camino continue to expand and promote learning for the 2018-2019 school year to include:

- AVID School wide strategies
- Gifted and Talented Education (GATE)
- Dual Immersion concentrated on English and Spanish bi-literacy
- English Language Development
- Intensive Intervention Programs for Language Arts and Math
- Clear academic school-wide focus on reading - through the Close Read strategies along with annotation of text
- IReady - Diagnostic assessment and prescriptive skill building to differentiate instruction for every student
- Arvin Advantage After school Program in conjunction with the Boys and Girls Club
- Weekend and After School Educational Intervention Support
- Summer School
- Parent Education Classes/Workshops
- Attendance Education and Promotion of Excellent attendance

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Arvin Union School District held a Public Hearing on September 11, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Language Learners (ELL), are given their own individual standards-aligned textbooks to instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available.

Arvin Union School District staff members are actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California's Textbook Adoption Cycle. 100% of students had required textbooks as evidenced during the most recent August 2018 Williams review.

School Facility Conditions and Planned Improvements (Most Recent Year)

El Camino Real Elementary School is comprised of 40 classrooms, 2 computer labs, a multipurpose room/cafeteria, library, staff lounge, two playgrounds and an administrative office. The facility strongly supports teaching and learning through its ample classroom and playground space, and a staff resource room.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available upon request from the district MOT office. The principal works closely with the Lead Maintenance person and custodians assigned to the site to develop cleaning schedules to ensure a clean and safe school. El Camino Real has one daytime custodian and one grounds person. In addition, there are two night custodians assigned to the site.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online work order process is used to ensure efficient service and the emergency repairs are given the highest priority. A Solar Panel Project was completed in 2017 and is fully operational, Also, the elementary playground received the following updating: artificial turf was installed and an addition to the permanent playground structure was added in the fall of 2018.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

The staff at El Camino Real is aware of the positive correlation between parent and community involvement and the success of students. Parents and community members are encouraged to join teachers and administrators in the activities, programs, and organizations that support our students. Formal committees include School Site Council (SSC) and the English Language Advisory Council (ELAC). In addition, parents are invited to become a member of the Parent Teacher Association (PTA) and parents are also invited to contact their child's teacher in order to volunteer in classrooms. There are parent opportunities to participate in Parent Workshops, Parent Literacy classes, and also attend student performances or events including Coffee with the Principal. The site also has a Parent Center led by the Student Success Facilitator and the Categorical Clerk which is open daily with resources to assist families as they support their child's education.

Parents or community members who wish to participate on leadership teams, school committees, take part in school activities, or become a volunteer are encouraged to make contact through the El Camino Real Elementary office. Our contact phone number is 661-854-6661. Please ask to speak to Betty Guyton, Principal.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

El Camino Real Elementary School's Comprehensive School Site Safety Plan was last revised by school administrators, staff representatives and board approved on February 20, 2018. This revision was completed with the approval of our School Site Council and ensures planning for the protection of students and staff, maintaining the school and school property, and establishing a climate that is conducive to learning. All staff members and parents have access to the plan and are invited to participate in the annual review and revision of the school site safety policies. Key elements of the safety plan include: developing consistency in behavior expectations, site safety and maintenance, and training in disaster response.

The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire drills are held once a month while earthquake drills are held a minimum of four times per year. In the event of an emergency, the school's Disaster Preparedness Plan has clearly defined procedures to accommodate crisis situations and emergency supplies are available.

Students are supervised throughout the day by school staff including teachers and classified employees and teachers. There is a designated area for supervised student drop-off and pick-up in front of the school and at the kindergarten, first grade, and back cafeteria gate. All visitors must check-in and register in the office using the new visitor management system, the Raptor.

Professional Development provided for Teachers

Staff development needs are determined by student data outcomes, IREADY Computer Program diagnostics, classroom walk-throughs, learning rounds, leadership collaborations and teacher requests. Conferences and workshops are available to staff through-out the year to enhance teaching strategies to increase student achievement. Professional Development topics are the following: AVID, Close Reading and Annotation of Text, student engagement strategies, writing genres and structures, English Language Development and Positive Behavior Interventions and Supports (PBIS). Over the past three years, District Professional Development days focused on the ELA adoptions, Common Core Standards for ELA and Math, Innovate ED, Write From the Beginning, and the IREADY Computer Program. Computer programs are presently being introduced by the technology department to enhance the current technology skills and improve proficiency of current practices at the school site. During the 2018-2019 school year, the district provided four staff development days to include the following: the Active Shooter Training, Trauma Informed Care and the New California Social Science curriculum were covered at the onset of the school year.

Our Academic Coach and District Teachers on Special Assignment (TOSAS) provide in-class coaching to teachers, modeling to teachers, professional development throughout the year on topics relevant to staff. BTSA Mentors and a District TOSA support new teachers throughout the school site. Clerical staff receive workshops specific to data entry this school year as well as personalized support from program personnel. In addition, staff development has been scheduled after school as well as during the school day to support the growing needs of the instructional assistants.

Types of Services Funded

The picture of funding within the Arvin Union School District stabilized with the continued implementation of the Local Control Funding Formula (LCFF) funds. Supplemental and concentration funds, above and beyond base funding, provided monies for the district and sites to focus on expanding and improving instructional programs to support academic achievement, improving student attendance, training staff to support building respectful and positive relationships, expanding intervention programs and wrap-around services, and facilities improvement for the most needy school sites. Funds specifically targeted to the school site included action steps for extended learning sessions, library books, intervention teachers and intervention computer programs, nurses, student success facilitators, elementary PE teachers, social workers, district teachers on special assignment for teacher support, field trips to expand the horizons of our students, GATE focus activities, and professional development. These funds are in addition to federal funds including Title 1 funds with set-asides for extended learning and Parent Involvement. Extended learning funds are allocated to each site and students are selected based by application and need. Parent Involvement funds allow us to continually build our outreach and training services for parents. District and site based intervention programs and staff are also funded out of Title I. Title II supports one additional teacher for class size reduction and Title III provides an aide specifically for our campus as well as support staff and Professional Development for teachers and instructional assistants. Special Education funds, supported with general funds, provide a strong SDC, RSP, and Speech program for students with special needs at our site including teachers and instructional assistants. After-School grant funds allow us to serve a large number of students in our daily Arvin Advantage Program. State preschool funds provide both AM and PM classes at our site to support student readiness for school. First 5 monies fund Family Resource Center staff as well as a district preschool and summer session that our students may attend.

Each of these programs provides targeted or general services to students with all intents to ensure equity for all student groups.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
