

Dear Arvin Families,

The year 2020 brought with it many challenges and opportunities. COVID-19 has affected the families we serve as well as district personnel. Through it all, students are our priority. The advances in technology use for students are tremendous, the need for Distance Learning has transformed us, and the focus on health and safety continues to guide and modify our actions. We thank you for your continued support, patience, and input.

Each new year brings the promise of new beginnings – we look forward to 2021 and the hope it provides. We look forward to being with you and students in person as it is safe to do so. There are still many unknowns. Yet, there is much we can predict. Our winter break begins tomorrow (December 19th). I hope you take this three weeks to rest, to spend time together as families, and to enjoy being “offline”!

We look forward to every student being back online on January 11th ready to learn with their teachers and ready to focus on the 2nd half of the school year. Each minute of each day is important to learning – your support of your student's engagement means the world to us.

My wish for you as we begin our holiday break is that your families remain healthy or regain health and that joy and peace find their way to you through the holidays.

Georgia Rhett

Superintendent, Arvin Union School District
